County Prepares For Two Carnivals

Haliburton County with its vast winter playground is preparing for some winters activities in the form of Two Carnivals.

Minden has been the leader in this big caper each year, and will celebrate its tenth annual winter Carnival on January 30th, 31st, and February 1st.

The village of Haliburton got in the action last year for its first big Carnival and the dates for that one are January 23, 24 and 25.

Some 15 members of Minden's Winter Carnival met on Sunday afternoon to make plans for this years event. Reg Welch was re-

turned as chairman, while Earl Hewitt was named vice-chairman. Many of the main attractions will be back, such as the Brampton Clown band, the girls hockey team, the Bowmanville pipers and many other fine attractions along with a few new acts to add to the program.

A contest is now under way, for the next three weeks, open to anyone to design an emblem to represent our carnival. The person with the winning entry will win \$10.00.

In Haliburton the Co-chairmen are Peter Curry and Art Ward.

POTTERY DEMONSTRATION PROVED VERY INTERESTING

On Thursday evening, November 20th, at the Studio of Mr. and Mrs. Linhart, Gelert, a group of interested people were shown a few of the basic facts of the art of Pottery.

Luba Linhart and his wife Mila have been living in Haliburton County now for several years, and are becoming famous for their Beautiful designs, bearing the trade mark of "L. & M."

There were some finished articles on display as well as many pieces in all the different stages of production. The visitors were shown how the clay was first shaped, work on the wheel, and a short demonstration of free-hand design on a vase. Mr. Linhart invited questions, and many took advantage of this opportunity to find out something of the art.

Mr. Linhart was recently commissioned by the Metro Planning Board of greater Toronto to do a piece of sculpture, which was presented to Mr. W. R. Allan, the retiring chairman. The finished production was called "destiny in perspective". A personal letter of appreciation was sent by Mr. Allan to Mr. Linhart.

The people of Haliburton county should be justly proud to have in their midst, artists such as Mr. and Mrs. Linhart, and the "L & M" studio.

This "Open House" was sponsored by the Haliburton Highlands Guild of Fine Arts.

MINOR HOCKEY HERE TO HOLD BANQUET

The Minden Minor Hockey Association have arranged to hold a parents and son banquet on Saturday evening, November 29th., starting at 6 p.m. in the United Church basement. Admission is \$1.00 per person.

Parents are asked to keep this evening open and attend with their boys. Crests and trophies from last winters play will be given out, along with the showing of a hockey film.

Please support Minor Hockey in Minden with your presence at this banquet.

HUSKIES CONTINUE HOT STREAK IN JUNIOR "D" OHA ACTION

The Haliburton Huskies continue to shine in the early part of the OHA Jr. "D" season. After 5 games the Huskies have managed 4 wins and a loss, outscoring the opposition 31 to 14. It appears that the Huskies could be the team to beat in the 8 team league this year, although Cannington and Bobcaygeon have also had a good start.

The Huskies won their third game in a row last Thursday night when they travelled to Fenelon Falls and left with a 9 to 3 win. Although the Huskies started slowly, in the first they got their skating legs in the second period and then were never behind from there on in. Fenelon drew first blood when they scored early in the period. Bob Woodcock scored to even the score. Fenelon again jumped into the lead, only to have Brian Walter tie the game a minute later. Craig Stamp put the Huskies in the lead to stay, this goal came on a power play.

Fenelon never threatened from there on, as the Huskies started to skate and handle the puck with authority. Cam Botting and Roger Scheffee each scored 2 goals with singles going to Darryl Stamp and Brian Walter.

Keswick were the visitors to Haliburton Saturday evening. The Huskies although playing lack-

luster hockey were able to trim the visitors to the tune of 9 to 2. The young players on the Huskies lineup continued to impress everyone with their all round play and the number of points that they are picking up in the scoring department. Cam Botting is only a first year midget and he is now leading the team in scoring. Bob Woodcock played an outstanding game on defence for the Huskies.

Gerry McElwain opened the scoring in the game with his first goal of the season. This turned out to be the only goal of that period. Brian Walter scored early in the second with Keswick counting their first goal a few seconds later. Cam Botting and Craig Stamp added to the total in the second giving the Huskies a 4 to 1 lead. Keswick pulled within 2 goals as Gillian scored in the third. This proved to be Keswicks last goal of the game. Gord Scheffee, Brian Walter, his second of the night, Dan Carpentier, John Wilson and Craig Stamp also his second goal of the game completed the Husky scoring.

This Saturday night, Fenelon Falls will be the visitors to the Haliburton arena. Try and attend and see some fine young hockey players try to keep Haliburton on top of the pack.

CRAFT SUPERVISOR VISITS

HYLAND CREST HOME HERE IN MINDEN

Mrs. Grace Lewis, Craft Supervisor from the Homes for the Aged Branch of Social and Family Services Department has spent three days with residents and Auxiliary craft workers demonstrating and working with the Auxiliary craft workers.

Mrs. Schmidt, who is in charge of the Auxiliary craft, has been looking forward to getting new ideas and inspiration from the Department and is very happy with the contact and new ideas Mrs. Lewis brought with her to the Home.

Mrs. Grace Lewis was impressed by the volume of craft work which is produced by the residents and sold through the Auxiliary display cabinets at the Home.

She was very impressed with the oil painting classes and the work they are producing.

This week the Home would

like to introduce Rick Dudman as their latest volunteer. He is in charge of his own program on Monday evenings at 6:30 p.m. He shows slides on the Homes projector. The Home has a few slides, but need offers from citizens to lend their slides of a trip or make arrangements with Rick at Minden 5191 to come in and talk to the residents about the slides as they are being shown.

There must be many people who have slides from a memorable trip who would like to show them. We have a very appreciative audience and a competent person with the projector.

MINDEN CURLING CLUB HELD MEETING

On Wednesday, November 19th. the directors meeting of the Minden Curling Club was held at the Curling rink. President Jack Johnson had the lights on over the surface and everyone was most enthusiastic, to see the ices all taped and ready to go. Membership committee chairman Mark Vasey reported that the outlook for the season was good and curlers are looking forward to plenty of action. Of course there is always room for one more — see Mark.

The Minden Curling Club is entering three rinks in the Tri-County Bonspiel, an annual event held in December. We wish them luck and success in this popular competition.

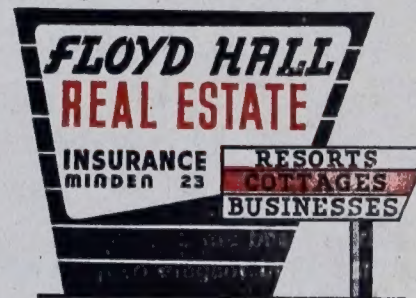

PARENTS NIGHT AT HALIBURTON HIGH SCHOOL

There will be a parents night held on December 1st., 1969 from 7 p.m. until 9.30 p.m. at Haliburton Highlands Secondary School

Parents will be able to discuss the results of the November examinations at this time.

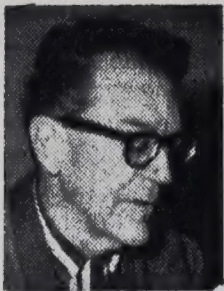

Owing to time restrictions, parents are asked to keep each interview to a maximum of 10 minutes.

Report cards will be issued prior to November 28th., and should be a basis for discussion.

HIGHWAY 35

165 Acres with 1600' frontage on Highway 35. Two dwellings on the property — one with 5 rooms — 2nd with 7 rooms, both with bath and in good repair. Located approximately 5 miles from Minden, \$15,000 Down, balance at 8½%. Full price \$27,500.

HERE AND THERE

with Fenwick Finch

I'd like to tell you a little story that shows the perversity of the human mind.

There is a creek going through my property and, during the summer season it used to dry up and leave little pockets of water in which hundreds of speckled trout would suffocate. In order to save these fish we put a dam at the mouth of the creek. This was about the hardest job I have ever done, for, everytime I'd set up the dam the older kids would break it out.

Everything changed after the water works went through, they crossed the end of the creek and threw up an earthworks dam, bolstered by stones. This dam proved too high as it was flooding property behind me and flooding my property, so, half the dam was removed. Now, here's where the perverse part comes in. There's no way I can keep this dam open — at least ten times this summer I've opened it and the kids come right back and dam it up. And, from the size of the rocks they gotta be big kids, like I know who.

So, you see, I'm dammed if I do and dammed if I don't — please fellows, let the water go through — we don't need that much. Any of my readers got any ideas on how to settle the problem?

I see around the streets that dogs are becoming more frequent in their travels — they are mostly younger ones that apparently are too young to remember what happened to their elders — it's to be hoped these pups will be slowed down and kept at home before they become too big to do any harm.

We may need the "pound" open again.

In the minutes of the last Council meeting there was an item about the waterworks price of 54c a foot frontage and a consumer rate of \$44.00 per year — this was quite upsetting until we were assured this was the rate for new extensions — the old rate still applies to existing customers — this was a relief — we pay enough as it is.

Here's something I've been wondering about — maybe my good friend Gene Duplantier can enlighten me. You will remember during the moon shots of Apollo 11 a glowing, saucer-like object showed up at the upper left hand corner of a picture. Apparently it was never explained.

Now, during Apollo 12 flight a couple of times it was remarked that something seemed to be pacing the ship — suddenly nothing more is heard about this object — howcum?

Our genial bank Manager Ray Hyde went down to Dr. Koval for a check-up. "You're as sound as a dollar," the good Doctor told him.

"Geeze, is it that bad?" muttered Ray as he headed out of the office.

My readers will be glad to hear that I just got a note — "Chester Snavely" is alive and living in Los Angeles for the winter. (Maybe he'll get "smog-bound" or trapped on the freeway.)

This sign over a store in a nudist camp said — "We're never clothed."

Until next week, drive carefully — the Christmas season is at hand — make it a happy one.

Fenwick.

"LAKE OF BAYS LINES"

by Ross Leslie

Harry Robinson thinks that Robinson's General Store is the largest general store in Ontario. Could be — any contradictions?

Before very long Lake of Bays will be frozen over solid and that's when the snowmobiles will really get off the ground. Birch Glen Marine and Snowmobile is another new outfit designed to help the snowmobile mobs. They have snowmobile trailers, snow sleds, snow campers and accessories. Also snowmobile clothing, and they even have cottages available. Contact Dennis or Bette McCarthy — 'phone Baysville 767-3744.

The Lake of Bays News — the name rings magic! It returns on June 25. W. J. Rawlins, of Port Colborne, is our first mail subscriber — he handed me cash on October 6. He was also the first subscriber for our first year. Thank you kindly, W. J.

Dan Watson tells me that Dunkers cottage, near Black Point was knocked over rather recently. Too bad.

Am I the only person at Lake of Bays to view the Edge of Night while wearing an overcoat, during the winter? It's very cold in my living room. The program's story is very hot — pity poor Nicole Travis being frightened by that terrible person who scares her on the telephone and sends her poison pen letters. Nicole's father, Ben Travis, a former U.S. Senator, had been sent up the river for murder and loan sharking. Happily, we are assured that Ben was a "very good" Senator! That's something.

Crystal Ball predicts that during 1970 Adam Drake will appear on more Edge of Night shows than will "star" Mike Karr. Recently, Mike started to wear reading glasses. Do you suppose that Mike will soon be eased out of the show altogether? Crystal thinks that Winston Grimsley will make no appearance during 1970.

Doug Wilkins, of Baysville, is planning to spend the winter in California. He wishes that he

knew persons there.

This fall the hunters found the pickings poor in our Lake of Bays area.

We understand that Ross Heney has been offered 100 grand for his little lake.

I haven't actually seen any massassuga rattlesnakes here. Maybe Jason Farlam, of the Reptile House, can dig us up a couple. We'll see.

That sure is a wonderful stretch of highway 35, south of Dorset.

The speed limit is 50 — you can be sure that some wheels make the scene at double that speed. Don't forget to obtain your 1970 licence plates soon — even though this is strictly another government racket that we put up with.

Thanksgiving weather was amazingly warm here. Some of us endured a power failure on Thanksgiving night — Monday, that is.

Well, it's been fun — let's do this again, sometime.

NORTH TO HALIBURTON

Come North to Haliburton County, young snowmobile lover, come North. One of the greatest assets of this County is our snow — up to 144 inches in a normal season. Add to this hundreds of frozen lakes, marshes, rivers, of varying sizes, rolling country side, covered with pine, hardwood forests and open fields and it adds up to "exciting snowmobile country."

Although we haven't any of the white stuff under foot yet, it is time to make plans for a visit. We have much to offer the visitor who prefers to take his holidays in the winter, to snowmobile around the country side, sight-seeing, fishing, picture-taking. Our local snowmobile club can give you a number of various trails to follow, which will take you into the wilds of beautiful Haliburton county. Or with a compass in pocket, you can strike off yourself in any direction and find the natural beauty you are after on a sunny weekend of winter activity.

Many of our local lodges have winterized for your comforted accommodation, write the Haliburton Chamber of Commerce for information in this direction. A real variety awaits you winter sportsmen in the way of modern resorts, rustic country lodges, housekeeping cottages and motels. A number of these establishments cater specifically to snowmobilers and some have snowmobiles for rent. We have many snowmobile dealers right here in Minden and various other locations throughout the Highlands who can outfit you with equipment — and I am sure can direct you to accommodation and trails.

Make it a date to come at Minden Winter Carnival time — January 30, 31, February 1. The Carnival is an ideal time to take in many winter activities in Minden and log some miles on the old snowmobile as well. For accommodation at this time of the year, write the Minden Winter Carnival Committee, in care of Evelyn Whitney, who this year is chairman of billeting.

Fishing of course is one of the great assets this county has over most, white fish, lake trout, speckled trout and rainbow trout are in most of the lakes here in the Highlands. All one needs is a licence, a snowmobile, line, hook and sinker, to swing into one of the greatest winter past times in Ontario. We shouldn't leave out skiing at Sir Sam's Inn. This resort has everything a skier needs to enjoy a weekend or week, of sliding down the slopes. One feature is the "no line-up" guarantee the lodge advertises for those who want to make a great many runs in a day. Accommodation is excellent with bar facilities, also a pro and pro shop at the lodge.

Yes, there are many reasons for planning a winter vacation here in Haliburton County. "Good snow - winter facilities - friendly resorts - great hospitality", and everyone anxious to cater to your requirements and enjoyment.

Come north this winter for health, fun, relaxation and a pleasant vacation next to nature at its best.

LETTERS TO THE EDITOR

St. Catharines, ONT.
November 22, 1969

Dear Sir:

Enclosed please find money order for our subscription to the Minden Progress. We always enjoy our visit to Minden. Our daughter and her husband have an Island on Horseshoe Lake, Mr. and Mrs. M. S. Campbell, St. Catharines and our grandson John Charles, from Toronto, has been at Onadogo Camp for many years so naturally we have "links" with the doings of Minden.

Please tell "Fenwick" to keep up the good work of his column, he makes it interesting, plus good reading. I could ramble on of your Editorials, etc., which, too, are excellent.

Good luck to the Minden Progress.

Yours truly,
Mrs. J. E. McPherson
St. Catharines, Ont.

Toronto, Ontario
November 22, 1969

Dear Sir:

I read each week with great interest the Minden Progress, last weeks issue particularly interested me. I read with a poor taste in my mouth the "Letter to the Editor" from Phil Sturge. I have ran afowl this gentleman before, and have found he has a poor attitude towards most things, someone else undertakes. I could go about Mr. Sturge, but then I would fall into his class of personalities, this I would rather not do.

As for the Doctors stay in Minden I believe he came in 1957.

Keep up the good work, I enjoy all the columns you have in the Progress, and particularly the way you handled our friend Mr. Sturge.

Yours truly,
Mrs. R. T. Watson

November 21, 1969

Dear Sir:

In reply to the demanding letter in last weeks paper from our assessor Mr. David Johnson, I would like to make it very clear that I will meet with Mr. Johnson on Nomination night, November 29th, in front of the taxpayers of Stanhope Township, not behind the closed doors of the council chambers.

It will be at that time, that I will come forth with my evidence.

Yours truly,
J. Allan Sisson.

Browndale
R. R. 1 Haliburton
November 21, 1969

Dear Sir:

As director of Browndale for the Haliburton Area I would like to say that we are happy to have an Airport in Stanhope Township and proud to have had the small part in making the airport possible. I feel that it will be

an asset to the whole Haliburton Area. I have found in dealing with the present town council that they have been fair, we in turn have tried to be the same. In the future we expect that we will be able to work and maintain good relations with any of the civic minded citizens who may be elected to the Township council.

Respectfully yours,
Mr. M. E. Brown
Browndale
Area Director
Haliburton, Ontario

ACCLAMATION IN DYSART

All the members of the Dysart Municipal Council, were returned to office by acclamation. Following the nomination meeting held at the Royal Canadian Legion, last week.

Clerk Wayne Wood declared Reeve Roy Brohm, deputy-Reeve Holly, Sisson and councillors Harold Bannon, Lloyd Coneybeare and Lawrence Morrison returned by acclamation. About 100 rate-payers attended the nomination meeting.

NOTICE

TOWNSHIP OF LUTTERWORTH

The Court of Revision for the Township of Lutterworth will be held at the Lutterworth Municipal Offices on Saturday, the 29th of November, 1969, commencing at 10:00 a.m., for the purpose of hearing the appeals against the 1969 assessment on which the 1970 taxes will be based.

Mrs. E. Burke, Clerk

NOTICE

OF NOMINATION MEETING TOWNSHIP OF LUTTERWORTH

Notice is hereby given to the Municipal Electors of the Township of Lutterworth in the County of Haliburton that in compliance with the statutes in that behalf, I require the presence of the said electors at the Lutterworth Municipal Offices, in the said Township of Lutterworth at the hour of 7:00 p.m. on Saturday, November 29th., 1969 for the purpose of Nominating fit and proper persons for the offices of: 1 Reeve 1 Deputy-Reeve 3 Councillors. For the Township of Lutterworth; of which all electors are hereby required to take notice and govern themselves accordingly, and if a greater number of candidates than required to fill the said offices are nominated and make the required declarations, polls will be opened in the Lutterworth Municipal Offices on Saturday, December 13th., 1969, and will be open from 9:00 a.m. until 5:00 p.m. and no longer.

Given under my hand this 12th day of November, 1969
Mrs. E. Burke, Returning Officer

MINDEN MINOR HOCKEY NEWS

The Minden Minor Hockey teams, playing in OMHA competition this winter swung into action this past week, but all went down to defeat at the hands of their rivals.

The Pee Wees, coached this year by Norm Harrison took the biggest loss in Bobcaygeon to the tune of 13 - 1. Scott Harrison scored Minden's only goal in this contest.

In Novice Play the locals were dumped 3 - 1 in a very close game that could have gone either way. Scott Walker played a fine game for Minden and scored their only goal.

Alex Millar, a young, new coach this year here in Minden took his Bantams to Haliburton last Tuesday for their opening game and were downed 6 - 4. Bev Hicks was Minden's big gun in this one scoring 3 goals, while Kim Hewitt picked up the other lone tally. Bev Hicks is a busy fellow lately playing on both the Bantams and the Midget team.

The Bantams travelled to Bobcaygeon Saturday night for their second encounter of the new season and were dropped 5 - 2. Wayne Harrison and Bev Hicks each scored goals for Minden.

In Midget play coach Don Campbell all but won his game against the high-flying Haliburton club in that fair town last week. The locals lost 5 - 3 in a very closely contested match. In the last few minutes of play with the score 4 - 3 Minden pulled their goalie in favour of an extra attacker, they did everything but score to tie the game, but couldn't find the mark. Haliburton tallied in the open net for the final score of the game.

Scoring for Minden was Jeff Campbell, Bill Leary and Leigh Bull.

The following are the schedules for the teams in OMHA Play:

FARM SAFETY ZONE CONFERENCE

Participation was the key note for learning about communications at the recent Farm Safety Zone Conference held in Uxbridge on November 12th, at Trinity United Church. Forty-one delegates, representing seven Counties, took part in an active seminar to identify reasons why people should become involved in organized Farm Safety Programmes.

Mr. Victor Morrow, Programme Co-ordinator, Rural Learning Association, directed the program, which included a Force Analysis Chart, a Safety Skit, Safety Slogans, and, in the afternoon, working in groups to produce safety posters.

The Chairman, Mrs. Robert Reeds, Reabro, Director for Zone 2, introduced Mr. Oscar Snyder, Farm Safety Co-ordinator, who showed the film "Chance of a Lifetime". This film showed the increased hazards of working with modern farm machinery.

Mr. Hal Wright brought greetings from the Provincial Farm Safety Council, and told us of new films being produced for next year.

Following a delicious dinner, served by the ladies of the Church, Mr. Ed Goode, Provincial Director for Zone 4, brought greetings, and spoke of the dangers of children riding on tractors.

Mrs. Reeds would welcome the opportunity of speaking at farm meetings and organizations regarding the work being done by the Ontario Farm Safety Council.

IT'S A MATTER OF LIFE AND BREATH... USE CHRISTMAS SEALS

FIGHT TUBERCULOSIS
AND OTHER RESPIRATORY DISEASES

ABOUT THE TOWN

With Jeanne Sears

Patients in Toronto Hospital from this village include Blanche McIntosh, Mrs. Brockman and Larry Reynolds. We all send good wishes.

We note that the UCW Christmas Tea is this Thursday afternoon; drop in for a cup of tea and look over their bazaar items.

We are sorry to report the death of J. A. Belfry of Kinmount, father of Mrs. James Miles. Sincere sympathy to all the family.

There is a new idea come home with the Public School report. Parents are to come in and interview the teachers of their choice and discuss problems. I guess I am old fashioned but I liked the old cards with marks and standing in the class. But progress comes and we will have to adapt to this after some study.

Persons from the village away on holidays include Bob and Mary Wunker, Phil and Harry Campbell and Mr. and Mrs. E. Teachman. Lucky people!

Patients at the local hospital this week were Holly Stevenson, John Cox, Douglas McKenzie, Mrs. Violet Henderson, Mrs. Amy Easton, and Mrs. Don Crowe and baby boy.

Hint of the week — If you are doing some painting, glue a paper plate larger than the can to the bottom of it, really catches the drip and easy to move along as you work.

Mrs. Joyce Austen was in a car accident and is laid up at home with a broken leg and other injuries. Hope she is not too long in bed.

The United Church Basement was crowded last Thursday evening for the dinner party in honour of Candice and Archie Stouffer who have lived in our village some thirty years. They will be surely missed by one and all.

The Tea last Friday afternoon at the Library was well attended by adults and children enjoying tea or coffee and donuts. This was a part of Young Canada Book Week. Mrs. Mary Packard, County Librarian, took time to stop in on her way home from the office at Haliburton.

We read in the Monday Star where Finance Minister Edgar Benson stated that a single person can live on \$32 a week as basic wage. We wonder how much Mr. Benson needs for his living for a week?

Hunting season is over again and still the fall weather continues. No snow here, but after all the rain we have had, no one's well should be down. Cheerio until next week.

REPORT FROM THE HALIBURTON, KAWARTHA HEALTH UNIT

Good progress is continuing in the establishment of uniform services and procedures throughout the Counties of Victoria, Haliburton, Northumberland and Durham since the appointment of senior staff for the District Health Unit in May 1969.

The Health Unit staff, working from the nine offices, located strategically in the area, serve a total population of approximately 130,000 persons.

It is estimated that, in the summer, this number may rise to at least 300,000, and all planning must take this into account.

Twenty-six cases of Communicable Disease were reported to the Health Unit during the month, 11 of these being infectious hepatitis. Other diseases reported were mumps, chickenpox, german measles and salmonellosis.

Seven rabid animals were reported, 3 bovine, 2 canine, 1 feline and 1 bat. These were in Bowmanville, Clarke Hope Townships in Durham County; Percy Township in Northumberland; and Eldon and Verlam Townships in Victoria County. Because of contact with animals found to be rabid, two persons received rabies vaccine.

Complete statistics are not available for Victoria and Haliburton Counties at present on Tuberculosis. In Northumberland and Durham, 4 chest clinics were held, at Bowmanville, Port Hope, Cobourg and Campbellford, and 82 persons received a chest x-ray.

Immunization — eighty clinics were held, some at schools and the remaining in connection with child health conferences at the Health Unit offices. At these, 18 children completed the initial series of Quint vaccine — this gives protection against 5 diseases, namely Diphtheria, whooping cough, tetanus, poliomyelitis and measles. 17 children completed the series of Quad vaccine, and 48 had a reinforcing dose. There were 13 primary smallpox vaccinations, and 12-vaccinations. 21 preschool children, and 422 school children received Measles vaccine.

Public Health Nursing — The nursing staff were pleased to have a full day staff meeting in September. This meeting included all the nurses from Haliburton and Victoria Counties, as well as those from Northumberland and Durham.

In the morning Dr. F. J. Bowerman, Oculist from Oshawa, spoke to the staff about difficulties in vision in children. Mr. Glen MacLeod, Superintendent of Instruction with the Northumberland - Durham Counties Board of Education, addressed the meeting in the afternoon. His subject concerned present-day thinking in education.

By the CBC

Never underestimate the power of radio! During a Symphony Hall concert broadcast over the CBC's Northern Services, Roger Mendelsohn of Whitehorse made a note of a plea for funds to help the Toronto Symphony out of its financial problems. He promptly sent them \$2.00 with a note saying, "I think of it as a payment for my first class radio audience seat." Thank you Roger, and more listening pleasure to you.

Irish novelist James Joyce is better known for The Dubliners, Ulysses and Finnegan's Wake than he is for his plays. His only surviving play, Exiles, edited by British playwright Harold Pinter, will be heard on CBC Stage, November 29. It's the very personal story of the eternal woman who wants to establish her right to be free of the ties of Church, state and duty. The broadcast is something of an occasion as the performance rights to the play, which is being filmed in England, expire at the end of December.

Recently, the intrepid Max Ferguson, along with chanteuse Daniele Dorice, Tommy Hunter, the Allan Sisters, The Rhythm Pals and banjo virtuoso Maurice Bolyer, travelled to Labrador City where they put on a lively show before an audience of 35000 in the community arena. The performance was taped for broadcast on On Stage, November 29.

The Russians are mad for poets — they flock to a poetry reading the way we throng to hear the latest pop or folk hero. When Yevtushenko's latest volume of verse came out, 20,000 copies were sold in two days. The works of three leading poets — Yevgeny Yevtushenko, Bella Akhmadulina and Andrei Voznesasky will be read on Anthology, November 29.

Requests for two radio programs, Thirty Pieces of Silver, heard on Concern, and Dream Passage by Vancouver composer R. Murray Schafer, have come in from Finland, Belgium, Switzerland and Germany. Both programs were submitted for this year's Italia Prize.

Another Schafer work, Threnody, is a lament for the victims of the atomic bombing of Nagasaki in 1945. Most of the words sung are eye-witness descriptions of the devastation by children who survived that day. It will be performed by the Canadian Children's Opera Chorus and the St. George's Youth Ensemble and members of the University of Toronto Symphony Orchestra, on CBC Tuesday Night December 2.

TENDERS

Tenders are invited for the supply of approximately 60,000 gallons Commercial Fuel Oil to Hyland Crest Senior Citizens' Home, Minden for the 1969 - 70 heating season.

Please note that service of equipment will NOT be required.

Quotations will be received up to and including November 30, 1969 by:

Ward Seeley, Administrator,
P. O. Box 30,
Minden, Ontario

YOUR EXCLUSIVE MOTO-SKI DEALER FOR MINDEN

And never again will they say

"HEY DAD ... HOW COME THE OTHER KIDS ALWAYS HAVE ALL THE FUN?"

There's a lot to be said for the 1970 MOTO-SKI. But for the thrill that beats all thrills, consider this: you drive into your yard. It's wintery cold and a little after dark. The family doesn't know you're bringing home a spanking' new 1970 MOTO-SKI (nothing wrong with making that kind of decision on your own!). You walk into the house (yawn once or twice) and say to the kids, "Hey kids! How about bringing in those bundles from the back of the car?"

That's the kind of thrill that young folks remember best about growin' up. But it's just the beginning. When you buy one of these 1970 family jovin' MOTO-SKIs, you'll make them like they're "the other kid". The one that always has all the fun!

A free copy of "Story of the Exclusive Track" will put you on the right track when you buy a snow mobile. Get the story from

DOLLARS AND GOOD SENSE

by William J. Martin

Dear Mr. Martin

Are warranties and guarantees worth the paper they're printed on? I had an experience recently with the dealer where I bought my car that leads me to believe otherwise.

Mr. B. D.

Reputable manufacturers and certainly in your case, automobile manufacturers, stand behind their guarantees and warranties. They must or suffer from some bad public relations and perhaps, legal action. Often, the trouble falls in that middle ground be-

tween manufacturer and consumer. Anyone having difficulty with a certain dealer, no matter what the product, should write directly to the manufacturer, with a copy to the dealer. Usually, manufacturers are anxious to learn about any problem concerning their dealership.

Sometimes, you may be surprised at the results. A case in point concerned a lady who wrote me recently stating that her faith had been restored in a certain company. When the product did not perform to her satisfaction and to the manufacturer's advertised claim, she wrote the company. They quickly refunded her money and urged her to continue using their product — which she intends to. In this case, however, the lady was dealing directly with the manufacturer and I suspect that she wasn't using it exactly according to the instructions. I also suspect that the company knew this too.

There is a psychology behind the guarantee. For one thing it's an excellent sales promotion gimmick. And for another, manufacturers know that most people who are not totally dissatisfied, for example, will not bother to take the time and trouble to write, package and return the product to the manufacturer.

I've always maintained and advocated that if you're unhappy with a product — let the people who sold it — or made it — know about it. Nine times out of ten they'll be glad you did.

ABOUT SMOKERS

When a smoker has stayed off cigarettes for five years he has cut in half the risk from the dangers induced by a pack a day. When he has stopped for ten years he has further reduced the risk to the point where he is on a par with the non-smoker.
